... is a cuvée of not fully-fermented Riesling barrels from HEERKRETZ reminiscent of a style of wine particularly appreciated around 100 years ago. The mineral-salty character of our porphyry wines fuses with the playful lightness of a not-quite-dry Riesling.

A '**divertimento**', complementing any meal.

Grape variety: 100% Riesling ORGANIC

Origin: Volcanic soils of our top sites distinguished by porphyry, surrounded by rocks, streams, and the unique heather landscape of 'Rheinhessian Switzerland'.

Vinification: Selective hand harvesting; spontaneous fermentation with natural yeasts; 'unfinished fermentation process'.
